

# BLOOM COATING

## DESCRIPTION

A long-lasting, maintenance-free protective coating for all types of hard surfaces that require a high-gloss finish. Suitable for stone, concrete, wood floors and tiles.

The use of organic silicone resin makes the coating hardness reach 9H. It is waterproof and oil-proof, temperature-resistant to 150 degrees, and acid and alkali-resistant in the short term.

## INSTRUCTIONS FOR USE

- Polish to 800 grit.
- Clean and dry the surface before use. Make sure the surface is free of oil and wax.
- Apply evenly using a brush, roller brush, flat paper floor mop, etc.
- After drying, repeat the application, but do not apply too thick, otherwise it will affect the adhesion or even peel off.
- The surface is dry after 4 hours. Walk on it after 8 hours. It is fully cured after 5 days and reaches its maximum hardness.

## FEATURES

- High brightness
- High hardness
- Easy operation

## STORAGE AND SAFETY

- The storage temperature should be higher than 0°C and lower than 40°C.
- Avoid contact with eyes. If it accidentally enters eyes, please rinse with water immediately.
- Do not take orally, please store in a cool, dry place out of reach of children.

## WARRANTY

This data sheet is an information document compiled in good faith. It is correct based on our experience, but no warranty is given. The application, use or processing of the product is beyond our control and should be tested for suitability and therefore at your own risk. In no event shall we be liable to the customer or any other person for any incidental or consequential damages, however caused.
