

CHAMELON FLOOR COLOR FIXING AGENT

DESCRIPTION

Suitable for color fixation and protection treatment of floors, such as epoxy resin floors.

INSTRUCTIONS FOR USE

- Clean the floor and apply it evenly back and forth with a short-haired epoxy floor paint roller or a clean, fine-bristled flat surface.
- After it dries completely in about 6 hours, repeat step one.
- The drying time varies according to different construction environments.

STORAGE AND SAFETY

- The storage temperature should be above 0 degrees Celsius and below 45 degrees Celsius.
- No contact with skin/eyes, protective measures recommended.
- Work in a well-ventilated area.
- Do not take orally, please store in a cool, dry place out of reach of children.

FEATURES

- Self-leveling, blends well with dyes
- Easy to construct

WARRANTY

This data sheet is an information document compiled in good faith. It is correct based on our experience, but no warranty is given. The application, use or processing of the product is beyond our control and should be tested for suitability and therefore at your own risk. In no event shall we be liable to the customer or any other person for any incidental or consequential damages, however caused.
