

FLOOR CLEANER

DESCRIPTION

A powerful yet gentle cleaner formulated with anionic and nonionic surfactants, fruit acids, and lactic acid. Effectively removes dirt, oil, and rust without damaging stone, tile, plants, or metals. Free of harsh acids, it even helps repair surface micropores for lasting cleanliness.

INSTRUCTIONS FOR USE

- For cement and heavy stains, use the stock solution to scrub if necessary.
- For granite rust, saturate a rag with this product and place the rag over the rust stain. For marble rust, please use a special alkaline rust remover.
- For general dirt and grease, dilute 5 to 10 times for scrubbing. Use a mop to mop the construction area first and wait for 15 minutes to allow it to fully react. This will have better results than directly using a machine to scrub.

FEATURES

- Deep decontamination
- Clean and remove dust
- Mild formula
- Plant affinity
- Metal corrosion inhibition

STORAGE AND SAFETY

- The storage temperature should be above 0 degrees Celsius and below 45 degrees Celsius.
- No contact with skin/eyes, protective measures recommended.
- Do not take orally, please store in a cool, dry place out of reach of children.

WARRANTY

This data sheet is an information document compiled in good faith. It is correct based on our experience, but no warranty is given. The application, use or processing of the product is beyond our control and should be tested for suitability and therefore at your own risk. In no event shall we be liable to the customer or any other person for any incidental or consequential damages, however caused.
