

GLASS CLEANER

DESCRIPTION

Suitable for cleaning and protection of glass products in homes, hospitals, office buildings, hotels, shopping malls, factories, etc. It also has long-term anti-fog and anti-fingerprint properties. It can form an invisible transparent protective film on the glass surface after cleaning. The glass is self-cleaning or easier to clean again.

INSTRUCTIONS FOR USE

- 1. Dilute the glass cleaner with water at a ratio of 1:5-20, and spray the diluted solution on the surface or on a clean rag.
- 2. Use a rag to wipe the glass surface until it is clean.
- 3. Wipe off excess detergent with a clean rag or mop, and rinse with clean water.

FEATURES

- Quick stain removal
- Leave no water mark
- Long-term protection
- Mild formula

STORAGE AND SAFETY

- The storage temperature should be above 0 degrees Celsius and below 45 degrees Celsius.
- No contact with skin/eyes, protective measures recommended.
- Do not take orally, please store in a cool, dry place out of reach of children.

WARRANTY

This data sheet is an information document compiled in good faith. It is correct based on our experience, but no warranty is given. The application, use or processing of the product is beyond our control and should be tested for suitability and therefore at your own risk. In no event shall we be liable to the customer or any other person for any incidental or consequential damages, however caused.
