

STONE RUST REMOVER

DESCRIPTION

It is a professional-grade neutral and environmentally friendly rust stain remover that can effectively remove rust stains on marble, granite, artificial stone and other stones caused by metal oxide contamination.

INSTRUCTIONS FOR USE

- The treated surface should be kept clean, ensuring no wax and no protective layer.
- Spray the agent on the stain, wait for about 5 minutes, and check whether the rust spot turns purple. If it turns purple, a reaction will occur. Leave it to react for 5-10 minutes, and then clean it with clean water.
- After the rust spots are removed, purple matter will remain and disappear within 1-2 days.

FEATURES

- Remove rust easily
- Penetrating cleaning
- Bright as new
- Mild formula

STORAGE AND SAFETY

- The storage temperature should be above 0 degrees Celsius and below 45 degrees Celsius.
- No contact with skin/eyes, protective measures recommended.
- Do not take orally, please store in a cool, dry place out of reach of children.

WARRANTY

This data sheet is an information document compiled in good faith. It is correct based on our experience, but no warranty is given. The application, use or processing of the product is beyond our control and should be tested for suitability and therefore at your own risk. In no event shall we be liable to the customer or any other person for any incidental or consequential damages, however caused.
